Partnering with Tackle Childhood Cancer

August 18-19, 2013 marked the 3rd annual Tony Merk Pigskin Preview at LaSalle High School in Cincinnati, OH. More than 30 football teams in grades K-8 participated in this event. PHBF joined with Cancer Free Kids in this Tackle Childhood Cancer initiative to raise funds for childhood cancer research. The Tony Merk Pigskin Preview was established in 2011 following the death of 6-year-old Tony Merk after an almost 3-year battle with brain cancer. Tony was invited to be an honorary captain of the LaSalle Lancer's football team during the 2010 season. Tony also had the privilege of participating in a special play during a football game in October 2010 with the Our Lady of Grace (Goesbeck, Ohio) Eagles football team during which Tony ran for a touchdown against the Our Lady of Visitation Vikings. Football provided much joy for Tony while he was alive. Funds from the Tony Merk Pigskin Preview also support a scholarship at LaSalle High School in Tony's memory. ◇

Pray~Hope~Believe Family Camp Day

A day of HOPE for families facing pediatric brain cancer

PHBF is excited to share that we have partnered with the psycho-social support team within Cincinnati Children's Hospital's Cancer and Blood Diseases Institute to offer supportive services for families with a child who has a brain tumor. Our first big venture took place in October when we sponsored a Pray~Hope~Believe Family Day at Camp Joy in Clarksville, OH for these families. Fortunately, the weather matched the spirit of the day – BEAUTIFUL! The day began with a delicious breakfast prepared by PHBF volunteers. Families participated in various arts, crafts, and outdoor *adventures*. We took family pictures and also offered support groups for parents and children of varied ages. The feedback received from families was very good. PHBF plans to make this an annual event and is planning some future activities as these families all expressed an interest in having more regular opportunities to connect with other families who *understand what they are experiencing*.

PHBF wants to send a special thanks to the families of Erin, Connor, Jerry, Kelly, Dan, and Ann who during their time of grieving asked friends and family to support PHBF in memory of their loved ones. We are humbled by the trust given to us by these families as they grieve. We promise to do our best to continue good stewardship of these funds.

We are also thankful to the many young people collecting donations for PHBF in lieu of birthday presents on their birthdays, selling lemonade, or holding other fundraising events in support of PHBF. Your efforts are truly appreciated. You are making a difference in the lives of children affected by cancer! If you have a fundraising idea for PHBF, please let us know. PHBF will assist in any way possible. Email us at fundraising@prayhopebelieve.org.

Thanks to all who helped PHBF in 2013. We look forward to your continued support in 2014!

The Pray~Hope~Believe Foundation (PHBF) was founded to honor the memory of Tony Merk – a 6-year-old boy who died on July 4, 2011 after battling brain cancer for almost 3 years. The PHBF is a non-profit organization whose primary focus is upon funding innovative pediatric brain tumor research which emphasizes not only ridding the body of cancer, but also minimizing the long-term, serious side effects of treatment. PHBF funds primarily support research at Cincinnati Children's Hospital Medical Center. PHBF offers financial support and a prayer ministry for children/teens with a life-threatening condition. "Pray~Hope~Believe" became the theme for Tony's journey on earth and is now his family's theme for living and healing. The ultimate goal of PHBF is to prevent other families from facing the difficult unwanted journey of loss, so many families have faced.

Bringing HOPE to children with brain cancer.
